

CONTENTS OF VOLUME 8

No. 1, March, 1961

S. KOWADA: On the Prevention of Decompression Sickness, with Special Reference to Internal Elimination of Nitrogen under pure Oxygen Inhalation.....	1
Y. ITO: Studies on the Pulmonary Ventilation by the Method Inspiring Ether Gas.....	21
S. HORIGUCHI, M. SASAKI and M. MOTOSUGI: Impairment of Inner Ear due to Middle Ear Allergy or Bacterial Infection as Examined Histologically and by Cochlear Microphonics (Guinea Pigs)	39
K. FUJII, K. KATO and K. HIRAKAWA: Enzymological Studies on the Contraction of the Pregnant Uterine Musculature. On the Activity of Actonyosin—A. T. Pase During Pregnancy and Parturition.....	49
K. FUJII, K. KATO and K. HIRAKAWA: Enzymological Studies on the Contraction of the Pregnant Uterine Musculature. On the Influences of Anorganic substances upon Actomyosin-Adenosin-Triphosphatase (AM-ATPase)	55
K. FUJII, K. KATO and K. HIRAKAWA: Enzymological Studies on the Contraction of the Pregnant Uterine Musculature. On the Influence of Placental Extract on Actomyosin-ATPase	61
K. FUJII, K. KATO and K. HIRAKAWA: Enzymological Studies on the Contraction of the Pregnant Uterine Musculature. On the Influence of Anorganic Ions on Actomyosin-ATPase of the Human Pregnant Uterus	67
T. UENO, M. SHIMIZU, S. SHIODA, A. KOTANI, G. R. HAFIZ and A. M. RAINA: Incidence of Oral Malignant Tumors	71
M. IRIE: The Contents of Calcium, Phosphate and Citric Acid of Tooth Germ.....	83
I. OHMORI: Biochemical Studies on Deciduous Tooth Substances. Part I. Application of Silver Nitrate	95
Abstract of Publications from School of Dentistry	105

No. 2, June, 1961

T. ADACHI and S. SUZUKI: Cerebral Angiography and a Report of Interesting Cases	121
T. ADACHI and J. HORIUCHI: The Effects of Radiation on the Hard Tissues: The Effect of Radiation on the Lens	135
T. FUSAYAMA and T. IWAMOTO: Optimum Cement Film Thickness	

for Maximum Shear Resistance between Teeth and Restorations.....	147
S. KOBAYASHI and N. INOUE: Radiological Observation on the Development and Growth of the Japanese Fetal Cranium.....	165
M. IRIE, M. OHASHI, M. KUWAHARA, N. INOUE, S. KOMORI and K. KURASHIMA: A Study on the Transitional Change of the Masticatory Efficiency in the Growing Child: Preliminary Report	191
N. INOUE: A Study on the Developmental Changes of Dentofacial Complex During Fetal Period by Means of Roentgenographic Cephalometrics	205
Abstract of Publications from School of Dentistry	229

No. 3, 4, December, 1961

K. KUBOTA, F. NAGASAKI, K. MATSUMOTO and M. Tsuboi: Histological Studies on the Growth Layers in the Maxillary Canines of Fur Seals as an Indicator of Age. Part 1. The Teeth at the Age of One to Nine Year	261
T. OSAWA and S. AKIYA: Immunochemical Studies on Blood Group Specificity. I. Partial Purification and Properties of Plant Agglutinin (LECTIN) of <i>Sophora Japonica</i>	287
T. OSAWA and S. AKIYA: Immunochemical Studies on Blood Group Specificity. II. Inhibition of Hemagglutinin of <i>Sophora Japonica</i> by Simple Sugars	299
S. OCHIAI, I. OHMORI and H. ONO: Longitudinal Study of Jaw Growth Concerning Total Anodontia	307
T. MURAI, A. KIKUCHI, T. NAKAMURA and A. YAMAMOTO: The Genetically Significant Radiation Dose from Dental X-Ray Diagnosis in Japan (Continued)	319
Abstract of Publications from School of Dentistry	325
