

CONTENTS OF VOLUME 12

No. 1, March, 1965

U. ITO: Electron Microscopic Study on Benzene Intoxicated Rat Bone Marrow, with Special Reference to its Reticuloendothelial Structure	1
S. HIRAKAWA: Embryological and Histochemical Studies on Interscapular Brown Fat Tissue of Rat	31
K. NOMIYAMA, M. MINAI and H. KITA: Median Lethal Dose of 3-Amino-1,2,4-Triazole	55
S. HORIGUTI and Y. OKUBO: Epipharyngitis and Syncope	59
S. HORIGUTI and Y. OKUBO: Clinical Observation of So-Called O.D. (Orthostatic Dysregulation) and Epipharyngitis	73
S. HORIGUTI and S. TANAKA: Epipharyngitis and Rheumatism	83
T. ADACHI and K. SAKAMOTO: The Radiation Effects on Friend Virus Disease (Part I)	97
K. FUJII and Y. URUTA: On the Urinary Excretion of Pituitary Prolactin	109
S. KOBAYASHI, N. INOUE, A. YAMAMORI and I. MIWA: The Possibility of Introducing Roentgenographic Cephalometrics into Primatology—Preliminary Report	117
S. KOBAYASHI, N. INOUE, G. ITO, T. KOMATSU and K. ISHIBASHI: A Comparative Morphological Study on the Craniofacial Complex of Iruus Monkeys from Different Habitats by Means of Roentgenographic Cephalometrics	127
M. SHIMIZU: Biochemical Studies of Alveolar Bone	143
T. SUEDA, Y. IMAGAWA and S. ARAYA: Tissue Fluid Flowing into Gingival Pocket	159
M. ONISI and K. TAKAMORI: Role of Dental and Gingival Splint in the Lactobacillus Count of the Mouth	169

No. 2, June, 1965

S. HORIGUTI and K. FUJIMORI: Clinical Observation of Aphthous Stomatitis, Especially the Relationship Between Stomatitis and Epipharyngitis	175
W. MORI: On the Possible Role of Autoimmunization in Liver Cirrhosis	185

M. SHIMIZU, K. ANDO, S. SEKIYA and G. KOHAMA: Cytodiagnosis by Needle Puncture and Aspiration of Oral Malignant Tumors	199
M. IRIE, T. SEKIGUCHI and H. WATANABE: A Roentgenocephalometric Study of the Mandible of Japanese Children	219
Abstracts of Original Articles (in Japanese Language) in the Ochanomizu Medical Journal (Ochanomizu Igaku Zasshi) Vol. XII, 1964	229
Abstracts of Publications from the School of Dentistry	237

No. 3, September, 1965

Y. NAKAJIMA: Histochemical Studies on Carbohydrate Metabolism of the Mesencephalic Nucleus of the Trigeminal Nerve in the Rat	265
M. HASHIMOTO, M. NAKAJIMA, T. YOSHINO, S. YAOI and R. TAKADA: Studies on Structure and Function of Bacterial Fimbriae. Report III. Fimbriation and Acid Agglutination	283
S. HIROSAWA: Gastric Analysis by Insulin Induced Hypoglycemia in Gastric and Duodenal Ulcer	295
H. IWASA, A. KASHIMURA, Y. OKAMOTO, K. TAMURA, M. TAKAHASHI, H. HIRATSUKA and R. HATANO: Follow-Up Studies on Gastrectomy in Carcinoma of the Stomach	311
K. HARA, Y. IMAGAWA and S. ARAYA: Carbohydrate in Pus and Exudate from Gingival Pockets—including investigation with regard to relationship of blood sugar level to glucose concentration in gingival pocket fluid of periodontitis associated with diabetes mellitus	325
Announcement	341

No. 4, December, 1965

M. SAITO, K. SUGATA and M. ISHIDA: Clinical Experiences with a New Anabolic Steroid, 19-nortestosterone Furylpropionate in the Treatment of Immature and Mature Babies	343
M. HASHIMOTO, N. BABA, J. KOSUGI, T. WATANABE and N. SAKAI: Studies on Saliva Opsonin with Special Reference to the Non-specific Resistance in the Oral Cavity	355
T. FUSAYAMA and K. OGATA: Distortion of Castings due to Reheating in Investment	373
T. SASAKI: Cell Cycle and Effects of X-irradiation on Germ Cells of Rat Incisors (Part I)	379
Announcement	403
